- Local repair and cleaning works
- Reporting

The tender process of this build, operate, transfer ("BOT") concession for the Malkara-Çanakkale Motorway Project (including 1915 Çanakkale Bridge) was launched by the General Directorate of Highways (KGM) in October 2016. Project includes construction, operation and transfer of Malkara-Çanakkale Motorway ((including 1915 Çanakkale Bridge) on a BOT basis.

The Overall Project consists in building, operating and maintaining 88 km of interurban dual 3 lanes main carriageway (mainly in Europe), 12 junctions totalling and 1915 Çanakkale Bridge linking Europe and Asia by crossing the Dardanelles with a 4,608m long bridge (including approach ramps). Located approximately 200km from Istanbul, it will be **the longest suspension bridge in the world** by its length of main span with 2,023m. The Tower Height of 318m also makes it **one of the tallest bridges in the world**.

There will be built 4 viaducts and 4 Service Areas along the motorway route.

Six toll plazas will allow for toll collection by cash, credit card and ETC (OGS and HGS tag).

Intertoll-Europe ZRt. established a Turkish legal entity (*Intertoll Turkey İşletme ve Bakım A.Ş.*), which will execute the Operations and Maintenance Sub-Contract Agreement;
